Dear Everyone,

Welcome to the world of RKG Global School

Well, Primary and Secondary education plays a vital role in an individual's carrier and intellectual development. It works as a solid foundation for successful higher education and subsequent life stages. These days, we are witnessing many institutions and school education at various levels. They are doing their level best; however, I believe that education is not just about books and exams; it is all about a force and great differentiator.

We created RKG Global School with the vision to provide an excellent opportunity to the students and parents looking for holistic development. We built not just the building and classroom; but we have created and ecosystem and environment for learning and education. We created a culture of excellence and performance. The facilities and amenities, in our school is a great reason to choose RKGGS as a preferred destination for school education.

I wish all the best to all of you and thank you to be a part of the RKG Global School Family.

Happy learning and happy career building.

DINESH KUMAR GOEL (M.L.C. Vidhan Parisad. Uttar Pradesh)

Chairman - RKG Group

The VICE CHAIRMAN

“The task of the modern education is not to cut down jungle, but to irrigate deserts.”

The entire nature of the school is undergoing a fundamental transformation, the world over, the whole focus has turned to learner centric humanistic education in pursuit of equality, ethics and excellence.

In the modern times of education has been subjected to a great pedagogical metamorphosis and our school has been keeping pace with the sweeping changes by producing creative, thoughtful, natural and effective leaders who not only have universal appeal in their attitude but also possess the necessary instinct to bring in the necessary reforms in the society and the world at large to make this planet a beautiful place to live in.

The school has designed its curriculum and various activities to produce future disciplined leader having multi-tasking skills, a free innovative mind and power of self-control. He is not fit to command others who cannot command himself. The refining fire of discipline will change the talent of students to abilities. In the age of knowledge explosion only extra-ordinary men will survive as leader.

My best wishes to all learners with these words:-

“Do not educate your child to be rich. Educate him to be happy, so when he grows up, he will know the value of things, not the price.”

Jai hind.

He is the author of some books. He is awarded national and international awards.

Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, fulfilled, can be translated into benefit for everyone and greater strength for our nation- John F. Kennedy.

Having been an educator for several years, I keenly support the pivotal, proactive role an educational organization of repute plays in today's society. If I feel honoured to be in charge of a seat of learning that can mould the most significant resource of any nation –young, impressionable human minds- I am also sensitive to the important implications of this enterprise.

The school environment promotes order, independence, a love for learning, a connection to the world and a sense of social responsibility. RKG Global School nurtures the leaders of tomorrow through a unique, well- defined curriculum and a dedicated focus on “learning beyond the classroom.”

Students at RKG Global School are motivated to develop leadership skills and a thorough understanding of interdependence. Special emphasis is placed on the need to serve others while actively contributing to the school community and society as a whole.

We encourage each child to give their very best in an attempt to realise their dreams.

COMPUTER EDUCATION

The school already has 02 very well equipped computer laboratories with latest configuration, which will be used for the Jr. Section as well as Senior Section. The CAL (Computer Aided Learning) and CLP (Computer Literacy Program) are an integral part of teaching learning curriculum. The CAL packages evolved by teachers have been validated by a team of experts. Further computer is used as a teaching aid to learn different subjects like Science, Mathematics, Social Studies, English, Games, and different activities especially pertaining to develop their practical approach towards the rationalization which aids their receptiveness towards all the subjects. Language lab is integrated part of this.

HOUSE SYSTEM

1. The students divided into four houses - **Ganga, Yamuna , Saraswati, Kaveri**
2. Each House appoints a House Captain. A teacher acts as the House In charge, who looks after the general progress of wards in academics, games and sports and sports and co-curricular activities etc.
3. House Perfects work in various school committees, hold periodic meetings and help in the welfare measures to be taken for the school community.
4. Regular records of student's participation in Inter- House competitions and their achievements are maintained and they are awarded suitably for the performance.

STUDENT COUNCIL

To foster leadership qualities and democratic functioning, School Cabinet is elected in every session. Head Boy, Head Girl. One Cultural Incharge, one sports Incharge, one Captain, and perfects representing each house are elected to form School Cabinet. The criterion for contestants is excellence in academics/ sports/ extra- circular/ co- circular activities, Communications skills and initiative ability. The elected boys and girls are honored in Investiture Ceremony. They are expected to help to organize school functions, articulate student's grievances and assist in disciplining the wayward children.

THE SCHOOL CLUBS

In this modern world of competition and success, students have to pass through lots of mental stress and they have to involve themselves in so many activities to acquire knowledge. This is where co - curricular activities play a magnificent role. This activity keeps us mentally fresh and help in the holistic development of the child. Keeping in mind these things, our school has formed various clubs in the school. All the students of the school from the classes I to VIII are allotted various clubs on the basis of their interests.

ECO CLUB	HERITAGE CLUB	IT CLUB

SCHOLASTIC PLAN & STRUCTURE

OUR CURRICULUM MODEL

THE RKG Global School Curriculum Model is a blend of the Globally Recognised Primary Programme (GRPP) and the Central Board Of Secondary Education (CBSE) Programme guided and driven by NCERT which represents the school's commitment to optimise teaching and learning, and facilitates the child's holistic development and well-being. We ensure a curriculum that is stimulating and creative, and an environment that is safe and child-centred. We enable the learner to explore multiple dimensions of excellence; encompassing intellectual, social, emotional and physical development. There is an equal emphasis on academic rigour and engagements beyond the classroom through a wide spectrum of opportunities. The School's guiding statements underpin the facts that cherishing one's own culture and respecting that of others, as well as Value-Based Learning, are pivotal to holistic education. The educational programmes at the School focus on inculcating in the learner five key attributes: creativity and innovation, collaboration, leadership, global citizenship and life-long learning.

All the elements in our curriculum model converge to bring out the best in every child and enable them to be on the path of continuous development and progress.

HOLISTIC APPROACH

A holistic approach to teaching and learning is important for the physical, emotional, intellectual, creative, spiritual and social well-being of children, and to develop them as well-rounded individuals. We are constantly ensuring that holistic approaches to teaching and learning are well achieved by maintaining equilibrium in co-scholastic curriculum. Our children are given an exposure to the Community Service which encourages them to understand the challenges faced by the less-privileged and sensitises them to the importance of being compassionate.
